

IFFR EUROPA

REPORT VP EUROPE Thomas Morf

I am very happy to see that most of our local sections are very active. There are so many Fly-Ins and meetings, it's difficult to organize the IFFR year trying to attend as many meetings and Fly-Ins as possible.

Looking on the membership situation shows that our section leaders are working hard to recruit new members during the year. I know all sections are in good shape.

UK

The UK Section arranged: Turweston, Caernarfon and Chester. The traditional Christmas Lunch at the RAF Club will be on 13th December 2017.

Italy

Giuseppe Berardo, the new chairman of the Italian Section, reports 38 members but he believes he will recruit new members during the year.

The Italian Section organize a Fly-In in San Marino to celebrate the 50th anniversary of IFFR Italy (1st – 4th September 2017).

France

The French section organize two Fly-Ins in Bretagne and Aix-en-Provence in the South of France.

Benelux

The Benelux section's membership is constant. The activities this year: Fly-In Ostend in May and two "Meet and greet" in EHSE 17th June and EHAL 3rd September.

Portugal

Actual membership: 16 members.

There is no planning for a Fly-In this year. The Portugal Section will support the French activities and are discussing a meeting during the Red Bull in the City of Oporto.

Switzerland

Every two years the Swiss section organises a Fly-In in Switzerland. This year it is in Lausanne, the French part of Switzerland, from 17th to 20th August.

Germany/Austria

The spring meeting was a wonderful Fly-In at Schwäbisch Hall. The autumn meeting will be organized by the Swiss section.

Scandinavian Section

The Scandinavian Section organises this year a Fly-In in Finland from 10th to 13th August in Turku EFTU.
