

Secretary report supplement

Since preparing my report I wish to add the following supplement.

The late Roy Marsden, who was one of my predecessors in the role of World Secretary, did an enormous amount of work to find and implement our database system Member Manager. It has served us well for many years but, as my main report states, it has simply not been working since April and there is no guarantee of when it will work. This has focused our attention on finding a suitable replacement and, following testing, we have now implemented Membermojo.

I hope that, by the time this message is being read, most members will have had the opportunity to try it out and find it useful and easy to use.

I would like to record my thanks to webmaster Bo who has incorporated the link and instructions into our excellent website iffr.org and to Americas secretary Steve who has done an enormous amount of work to edit and tidy up the Americas records while I have done the same with the other section records. Every member can do their bit by checking and ensuring their record is correct as it's very simple to update.

Ian Kerr
World Secretary
