About Us

Wellingborough Dog Training Club is Kennel Club registered and has been established since 1975. We have helped many dog owners to have happy and obedient pets.

OUR AIM

For our members to have a pet that they can be proud of both in their homes and out and about, also for members to participate in competitions such as Obedience and Agility shows if they wish too. None of our qualified instructors or helpers are paid but we all have the same objective in mind:

TO HELP OUR MEMBERS TRAIN THEIR DOGS

Welcome

The committee and members of Wellingborough Dog Training Club would like to welcome you to our club. We hope you and your dog/puppy enjoy your Puppy Foundation or Bronze 8 week course. We have enclosed some useful information about the scheme and we hope you continue your training with us when your course comes to an end.

If you have any worries or concerns about your training or particular problems you are having with your dog, please do not hesitate to talk to one of our instructors who will be only too happy to help.

As well as obedience training, we provide hoopers and agility training, these are great activities for your dog. During the summer months we train at Southview Farm along the Irthlingborough Road and during the winter we train at a local indoor venue. Again please speak with one of our instructors.

The club has a website www.wellingboroughdogtrainingclub.co.uk that is updated regularly and has lots of information about training times, social events, and shows. Additionally, if you go on to do further training, we have a whatsapp group which is updated with training details.

So for now Good Luck and we hope you and your dog enjoy your training

A trained dog is a happy dog.
